THE brick residence of D. W. McDonald on McDougall street is completed and is one of the most imposing brick buildings in town.

AN auction sale of farm stock will take place at the farm of Hugh McKay on Saturday, Oct. 13th. Turnbull & McAdam auctioneers.

F. C. CAMPBELL, manager of the Edmonton Saddlery Company, who has been ill for the past six weeks is now able to be around again.

IN the sparring contest between Ed. Coff of California and R. H. Milvanie of Porcupine Hills at MacLeod last week, six rounds were fought, Ed. Coff being the winner.

J. T. STEMSHORN, government immigration agent at Regina, came up on Thursday's train. He left on Friday for the Moravian settlement to make an official report to the government.

BEANS are reported to be plentiful on the Hay lake trail at the berry patches about 25 miles from town. Mr. Marten returned from there last week and saw one sitting by the roadside.

PRIOR to leaving Calgary to take the position as accountant in the H. B. Co. for here, Mr. M. A. McCormick made the recipient of a handsome silver tea set at a farewell supper.

THE Edmonton bus line will run buses at 1 p. m. and every hour thereafter, during Wednesday, to the agricultural show at South Edmonton. The buses will run direct to the show ground.

GEO. W. SEALEY, commission merchant of Roscoe, S. D., who is touring the country to report on its capabilities to farmers desiring to leave that state, left on Friday's train for Prince Albert, much impressed with the prospects for settlers here.

C. L. MOORE, Geo. Young and Chas. Pykes, miners from Seattle, Wash., were in town for supplies on Thursday for their camp up the river. They intend returning to the United States as soon as mining on the river here stops for this season.

ON Wednesday last W. Walker threshed for Jas. Atkinson of Beaver Hills, 1,500 bushels of oats in five hours. The threshing was done with an L. D. Sawyer separator, Massey Harris bind, and a traction engine sold by the Massey agency in town.

THE Hon. Mr. Ives and Comptroller White have just returned to Ottawa from a trip to England. While there, they managed to secure a choice assortment of magazine rifles, three volume novels, and machine guns for the use of the N. W. M. Police.

A PRETTY specimen of peacock ore from the Silver King mine near Nelson, is in the possession of F. Harper who is staying at the Alberta. Though he has been mining all his lifetime this is the only specimen he ever secured that was pure metal. It is a mixture of ruby silver, copper, silver and gold.

REV. H. W. STEINECKER, Presbyterian minister of Ashley, N. D., has been sent by the Winnipeg Presbytery to the Beaver Hills district in response to numbers of letters from the German Presbyterians of that vicinity for a minister of their own. Mr. Steinecker arrived on Thursday's train and is so favorably impressed with the district that he is anxious to stay. He drove out to the Beaver Hills settlement on Friday.

THE red turnip beetle which was reported from Saskatoon, Elkhorn and Minnedosa, to the department of agriculture in 1892 as doing damage to turnips and radishes, has made its appearance in this locality; but not to do any serious injury to growing crops. This insect is a showy scarlet beetle with three black stripes down its back, a black patch on the collar and black legs. The remedy recommended by the experimental farm botanist, is to sprinkle the foliage when the beetles first appear with Paris green and water, 1 lb. to 100 gallons.

COPIES of a petition and subscription list from the ex-N. W. M. P. association of Calgary, have been sent to Inspector Snyder and W. H. Cooper in Edmonton and to Supt. Griesbach and W. Ross at Fort Saskatchewan. The subscription lists will be circulated to provide funds for a monument to the memory of Col. McLeod and are limited to 50c. The petition is one to His Excellency the Governor General of Canada and through him to the Dominion Parliament recommending the granting of a pension to Mrs. McLeod and family. The petition says: "Owing to the conditions peculiar to a new country of vast distances, Colonel McLeod's position called for the exercise of a liberal hospitality to friend, traveller and stranger—a hospitality, which, though frequently severely taxed, was always ungrudgingly extended. This generous recognition of the duties imposed upon him by the peculiar circumstances of his station, coupled with the excessive cost of living in a new country, furnishes the explanation of a fact to represent, viz: That at his death he leaves no provision for the maintenance of his widow and his family of five young children." This petition is being circulated here by W. H. Cooper ex-staff sergeant and is receiving a large number of signatures.

MR. and Mrs. P. Heimnack have returned from Athabasca Landing.

MR. BLEWITT conducted service in the Methodist church yesterday.

GEO. BROWN, professor of music, Ridge-town, Ont., is registered at the Columbia.

THREE families of settlers from Seattle arrived on Thursday's train, two of whom went out to the Sturgeon settlement. The other stayed at South Edmonton.

MR. HADDON of Sturgeon river took out a Stevens and Burns' threshing engine and separator, last week to do work in the Sturgeon settlement.

CAPTAIN GREEN and Lieut. Stephens of the S. A. left for Brandon and Vernon respectively on Friday morning. In the absence of Capt. Isaacson, who is to take charge here, Sgt. Major Price is the local commanding officer.

THE first fall fair of the South Edmonton agricultural society will be held on Wednesday, a neat and attractive list of valuable prizes has been issued and from the entries being made, the affair promises to be a grand success.

THE Fort Saskatchewan agricultural society will hold their annual fall fair on Friday next. From the bountiful crops reported in that district, the show of grains and vegetables will in all probability be superior to the shows of former years.

IN nearing the first bend in the hill on the road to the lower ferry last week, the team of horses driven by Joseph Buntz shied and jumped down among the trees, upsetting the democrat and throwing out Mrs. Buntz who had her shoulder hurt and Mr. Buntz, who dislocated his thumb.

AT a meeting of the council of the Edmonton rifle association held on Thursday afternoon last, it was decided to hold the fall matches on Thursday, Oct. 18th, and possibly the two following days. A motion to resuscitate the Ladies' match, which has lapsed since 1891, met with a warm approval. Miss Annie Robertson and Miss Annie McLeod were nominated to make collections for it. Alex. Taylor and W. McKay were appointed canvassers for the Merchant's matches.

THE remains of Miss Jennie Goodridge whose death occurred at Calgary on Tuesday last were brought to Edmonton on Thursday for interment. The funeral on Friday was very largely attended, and over forty vehicles followed to the cemetery. The funeral service was read at the grave by Rev. D. G. McQueen, six of the school friends of the deceased acting as pall bearers. They were Misses Eva Foster, Rosa Bush, Lucina Connors, Maggie McCauley, Jennie Lauder and Edna Matheson.

CHAS. LOSCOMBE, formerly of Battleford but lately of Vancouver, and J. W. Manuel, of Tacoma, Washington Territory, arrived down the river per skiff on Monday, fourteen days from Edmonton. They report the river full of miners as far down as Pitt, and one on this side working his way up. They generally admit making from one to three dollars a day. The gentlemen named will proceed down the river to Prince Albert and there take the train for whatever point they shall decide upon going to.—Battleford Herald.

AMONG the special prizes to be competed for at the Edmonton agricultural Society's show next week are two prizes of \$5 each by Count De Cazes for the best 20 pounds of packed butter and the best factory cheese, a prize of \$5 donated by G. Gallagher, for the best pair of fat steers, one of \$5 by Hall & Gibson for the best five bushels of two rowed barley, a babcock milk tester, by W. J. Richardson for the best 40 lbs. of tub butter, a \$5 prize by F. Marriaggi for the best brewed beer, ale, lager and porter, one of \$3 for the best home grown tobacco and another of \$2 for the best native wine.

RIGHT Reverend Dr. Young, Bishop of Athabasca D. D. C. L., arrived from Athabasca Landing on Friday evening on his way to Winnipeg to meet his wife who will return with him in the spring to take up residence at Athabasca Landing, the future see of the bishopric. On his way here he received with regret the resignation of Rev. J. G. Brick, who has been laboring under great self-denial at Christ church mission for the past twelve years. Rev. H. Robinson was appointed to succeed him. On Sunday, July 29th, A. G. Warrick was ordained to deacon's orders in St. Luke's church. Besides the above missions the bishop also visited Chipewyan. Asked how gospel work was progressing among the Indians, his lordship replied that there was not any very marked results. They were slowly; but surely taking an interest in the christian work and showed a much greater inclination to send their children to school than formerly. On the imputation of the Indian's ungratefulness being broached his lordship remarked that all Indians were not ungrateful. They were selfish as indeed was the white man naturally, but they were docile. When visiting at Chipewyan, an Indian came to see the Rev. P. Lucas and made him a valuable present of grease—as valuable an article as an Indian could give. This being the Indian's mode of barter, the bishop suggested to his reverend friend that he ask him what he wanted in return. This he did, and was answered in the kind words, "I don't want anything. You have been kind to me in giving me medicine and other things." Human nature seems pretty much the same the world over; but whilst the Indians are for the most part exceedingly selfish, none can ever forget an injury.

MRS. STUDEBAKER, who recently went to Banff for the good of her health, is improving.

MR. and Mrs. Battrick, came up by trail from Calgary last week on a visit to their daughter, Mrs. W. T. Henry.

FRANK OLIVER, who has been suffering from a severe attack of the gripe since his return from Regina is recovering slowly, and is now able to be out.

ED. NAGLE and F. BARBER will leave the Landing on Wednesday for Fort Resolution. W. Clarke and Campbell Young go with them to trap through the winter on their own account.

A SNOWSTORM occurred at Athabasca Landing on Wednesday night and Thursday morning covering the ground to the depth of six inches. At the divide, forty miles this side of the Landing, the snow stopped. The roads from there to town were perfectly dry.

G. W. PARSONS of Montreal, who travels through the west once every year, paid Edmonton and district his first visit this week. He was very much surprised to find such a varied difference in the appearance of the country to what he has seen on the main line and likes the appearance of the country much better than Manitoba or British Columbia.

THE Women's Mission Circle of the Baptist church held a meeting on Sunday evening in lieu of the regular service. Papers on mission work were read by Mrs. McDonald and Mrs. Bellamy, relative to mission work in the Tilagoo country. The Secretary Miss Ritchie read reports of the society which showed that it had greatly increased in membership since its inauguration two years ago. The members of the choir contributed with a quartette "I am the way" and Mrs. Bennett sang the solo "Onward".

Coal Coal Coal

GURNEY'S SOURIS HEATER

SPECIALLY ADAPTED TO EDMONTON COAL OR WOOD. THE LEADER OF ITS CLASS.

The growing demand for a thoroughly satisfactory Soft Coal Stove has induced the Gurney Stove Co., of Hamilton, to introduce an entirely new set of patterns, which is without question the most powerful, handsome and satisfactory Soft Coal Stove ever made. The extra heating attachment, which takes cold air from the floor, passing it through a chamber, up and over the fire pot and out through the ornament on top of stove or through a duct from outside as may be desired, is so constructed that it reduces the inside capacity little while it wonderfully increases the heating capacity of the stove. The line is large and the range of sizes such as will meet the requirements of all classes of purchasers.

GENERAL NEWS.

We were in Mr. Hargrave's store the other day and he showed us a little buck-skin bag of the gold mined down the river. It was in lumps of various sizes, the whole of which weighed something over a pound and was worth close to \$200. The miner who had washed the stuff out was in the store at the time, and we asked him if that pile would represent a week's work for one man. "Hardly," says he, "we are not getting rich that fast." Medicine Hat News.

Winnipeg Commercial, Sept. 22nd: Business continues to improve slowly. The wheat movement is more heavy, but it has not put a great deal of money in general circulation yet, though the cash is going out fast. The grain firms say they never sent so much money to the country by this date in any previous year as this season. The railways of course have all the traffic they can handle. There has been considerable through traffic in addition to the heavy grain movement, and the export cattle trade is also quite an item for the railways to handle at present.

The settlers in the neighborhood of Saskatoon have set an example worthy of being followed by other places, especially those along the main line of the railway where they rely upon the Government to do everything for them. The settlers in a township in the north wanted some protection from prairie fires and resolved to have it. To this end they proclaimed a holiday and organized a picnic; the wives and daughters prepared the feast; the men turned out with their ploughs, and before the sun had set had ploughed an effective fireguard on the road allowance around their township. Next day every man put a guard around his own place and they slept in peace. In putting up hay they plough three furrows around the site of the stacks and burn between them, and also burn the space enclosed by the furrows, so that there is nothing to carry fire to the hay. This is a simple and effective plan, and one that becomes easier as the townships become settled up.—Battleford Herald.

British Columbia business review of Sept. 17th in Winnipeg Commercial: On the whole the reports from business houses this week are favorable. Business has held its own in volume with the trade of last week and collections are not so difficult as they have been. New hay is not coming in fast as reported in local market reports, there is plenty of old hay on hand, and new hay would not meet with ready sale if placed upon the market. The grain and feeding houses report that quite large quantities of British Columbia oats of good quality are on the market, chiefly grown in the Okanagan district. This will have a tendency to effect the price of imported oats. The market is almost bare of eggs only part of a cargo by one firm being on hand. The shipping trade has been unusually active and the one cry all week among shipping men has been lack of warfage, in many instances in the past month vessels have been compelled to go to other cities to unload. A large shipment of eastern apples have come to hand in poor condition, being badly packed and too green, they will not command a good price.

A peculiar case showing how a large saving in freight was made by teaming goods instead of giving them to the railway for transport, has been reported to The Commercial. A party in Minnedosa, Man., purchased a limited quantity of plate glass in Winnipeg, the weight of which was about 1,200 pounds. On enquiring he found that the railway freight and cost of placing on the cars here would amount to \$55. Instead of giving the goods to the railway, he hired a man and team of horses at Minnedosa to come to Winnipeg for the glass, the distance between the two places being 135 miles. The man and team cost \$40 for the trip, and a load was taken each way. A load of wool was brought to Winnipeg on the way down, and on the return trip a quantity of other goods was taken in addition to the glass. Altogether the saving from teaming the goods, counting the railway freight on the wool, and the glass and other goods taken on the return trip, amounted to \$35 less than it would have cost to have sent the goods by the railway. This is of course an exceptional case, as the rate on glass is very high, but it is nevertheless an interesting incident as showing that the old modes of transportation are not to be despised even in this age of railways, at least in Manitoba.

The Weekly Nor'-Wester

TILL 1896 FOR \$1.00.

The favor with which the Nor'-Wester, as evidenced by the manner in which it has fairly leaped into circulation, has been received, is something almost unprecedented in the world's history of journalism.

"INDEPENDENT—NOT NEUTRAL," is the motto of the Nor'-Wester. It is not the organ of any political party or business enterprise; but is a journal always free to espouse, criticize or condemn the cause or contention of any party or organization—political, commercial or otherwise—as fealty to the Northwest may, upon dispassionate and intelligent consideration, seem to demand.

At the price the Weekly Nor'-Wester is offered to new subscribers—One Dollar from any time hereafter till January 1st, 1896—but the merest fraction over the cost of the white paper used in it is asked. It is the largest Weekly paper published in Canada.

In subscribing, simply write name and post office on a piece of paper and enclose it and ONE DOLLAR in an envelope addressed

While unitching their horses on arrival from Lac St. Ann on Saturday, the team of T. Gouvilleos and A. De Fouvant ran away. The waggon upset and the harness was slightly damaged.

THE Athabasca exploration party for petroleum under direction of Dr. Selwyn, put down 600 feet of casing on Thursday last to pipe off a second flow of gas. They are now down about 700 feet.

A LODGE of the Orange order was organized at South Edmonton on Saturday night, and on Sunday the members marched in regalia to the Methodist church where they were addressed by Rev. A. Munroe.

H. HORTON has acquired from the C. P. R. the sole coal right on Section 25, township 51 range 25, west of 4th meridian, the location of the White Star mines, and is preparing to ship several cars of coal to Calgary.

E. C. EMERY has a beauty of Hebron potatoe grown in his garden which weighs 2 pounds 4 and a half ounces. It is smooth and perfectly shaped without crack or blemish of any kind.

MURDOCH McLEOD, of Belmont, has red life wheat of this seasons growth which weighs 64 1/2 lbs. to the measured bushel. The weighing and measuring was done at the Edmonton Milling Co's mill, South Edmonton. A sample is on view at this office. The wheat was sown on April 27th and was cut on the 27th of August, and was ready for cutting at least a week sooner.

A MEETING of the Edmonton agricultural society was held on Saturday afternoon when it was decided to hold this year's exhibition in the skating rink. The question of holding races upon the second day of the exhibition was brought up for discussion and resulted in their deciding to give prizes in connection with this new feature. The various committees to receive and arrange exhibits were appointed.

MR. O. B. ARNOLD of Appleton, P. O., Kent Co., Ont., who took up a homestead in the Sturgeon river settlement, is very much pleased with the country here. He leaves this week to look after his farm in Ontario and will return in the spring with his wife and the remainder of his family. This week he left with us some sample potatoes of the Green Mountain variety and Rochester seedlings of which he had a hill of 18 weighing a pound each. He says this is a much larger yield than he had in Ontario.

ABOUT four hundred persons assembled on the race track last Saturday afternoon to witness the quarter mile running race between the horses Roseberry and Palmetto owned by S. S. Taylor, Q. C., and deputy sheriff Robertson respectively. The race commenced at 4.30 p. m. after two false starts. The sheriff's buckskin horse took the lead from the start and kept it for about half the distance when it was overtaken by Taylor's black. For a few yards the race was interesting, then the black took the lead and kept it to the winning post, coming in a length and a neck ahead. Roseberry, the winning horse was jockeyed by W. Fielders.

A SERIOUS gunning accident happened at Stony Plain on Friday evening last to Mr. Guenett, just as he was returning home from drawing in hay. He had reached his farm and was drawing the gun off the hay rack muzzle first when the trigger accidentally caught and the gun went off. The shot tore away the flesh off the inside of the left arm to the wrist and also shot away the tops of the third and little fingers. Dr. Tofteld happened to be out there at the time of the accident and attended to it as soon as possible. He was afterwards taken to the St. Albert hospital and Dr. Harrison sent for. At first it was thought that the arm would have to be amputated; but it is now thought that there are good hopes of his recovering the use of his arm as the bone is not injured, and though the flesh has been torn away, the tendons are not hurt. His escape from instant death is almost miraculous.

MR. KILLICK of Montreal, professor of swimming and demonstrator of life saving and drowning, who has been with Bishop Young through the Athabasca district for the past three months, returned from his trip on Friday. Mr. Killick gave exhibitions of life saving and swimming to the children of the mission at Fort Chipewyan. This was also witnessed by the parents of the children and the Indians of the surrounding district. After showing the Indians how to save life, and the use of his varied appliances he represented himself as a drowning man and let them save him; but their knowledge of throwing ropes was very vague. When first he gave his exhibition with that characteristic so noticeable in the Indians whenever a white man endeavors to show them anything, they only laughed at his performances; but after explanations and doing in the water what they were unable to do themselves he won their admiration. Mr. Killick also gave instructions in swimming to the missionaries at St. Peters mission, Lesser Slave Lake, and gave exhibitions at Vermilion forks. Mr. Killick has a method of his own for teaching swimming and has appliances for life saving of his own invention. Throughout his trip several photographs were taken which are exceedingly interesting to persons who have heard of the district; but have seen nothing to illustrate what has been learned.

THE mortgage sale of farm property which was to have come off at Robertson Hall on Saturday last, has been postponed until Saturday, Oct. 13th.
